Three Guys Trust Christ Together!

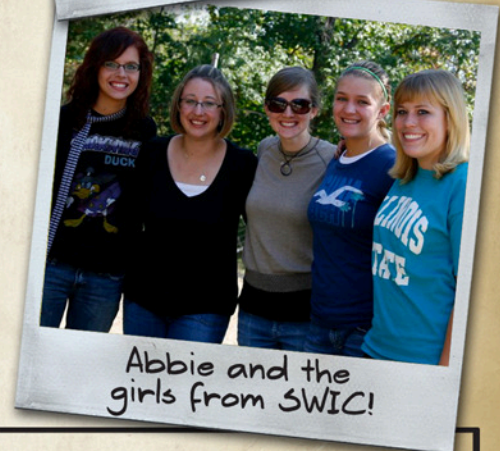

Last week at SWIC, JB approached two guys with an evangelistic survey called "Soularium" and immediately got into a great spiritual conversation with them. After a few minutes, some of their friends walked over, and were interested in what JB and these students were talking about, so they sat down. Soon, a few more guys joined the conversation, until there were eight students gathered around listening and talking about life and spiritual things.

JB was able to share the Gospel with this group of eight young men. They asked great questions as JB shared that through Jesus, we can know God and experience forgiveness of sins. There in the cafeteria, three of these young men placed their faith in Christ! Excited about the great conversation they'd had, this group of men agreed to meet next week to begin discussing what the Bible has to say about their faith!

Through these guys, the Lord has planted the potential for an instant small group Bible study! Pray that these men would grow in their knowledge of Jesus!

New believers at SWIC!

Fall Retreat

Fall Retreat is a chance for students to get off campus, have a blast and hear from God's word. Out of the 400 students that attended from the St. Louis area, we had 29 students come with us from SIUE and SWIC!

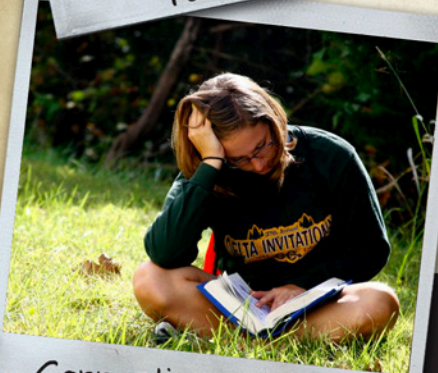

We challenge our students to invite non-believing friends to Fall Retreat. Lindsay and Tyson, two of our student leaders, brought three of their non-Christian friends. They even paid for two of them to go with their own money! By inviting them, Lindsay and Tyson gave Dustin, Alison and Adam a chance to experience community among believers, and to hear the Gospel clearly. These three walked away from the retreat saying things like, "Everyone in our group was so nice to me," and "I thought I'd feel uncomfortable at a Christian retreat, but I really had a ton of fun!" Their great experience at Fall Retreat has given us another great platform for sharing the Gospel! Lindsay and Abbie have had the chance to sit down and share Christ again with Alison, and Tyson has had great conversations with Dustin. They are both seeking spiritually—please pray for them!

We are so thankful for you! Your prayers and support give students a chance to hear the Gospel! Thank you for laboring with us!
