

## Soularium Outreach

Dayna walked up to a table on campus that displayed Soularium—a collection of 50 photographs that we use to get into conversations with students about life and spiritual things. Last month, about 20 students at SIUE organized an outreach using Soularium to share their faith. Bri, a student involved with Campus Crusade asked her, “Which of these pictures best represent your life right now?” Dayna selected one, and said, “I feel pretty lonely right now.” Bri continued to ask Dayna what she thought about spiritual things. Dayna expressed that she hadn’t grown up hearing about God, but would like to have a relationship with Him. She asked, “How do I have my sins forgiven and get into heaven?”

Bri and Abbie were able to share the Gospel with Dayna, and though Dayna hasn’t made a decision yet to place her faith in Christ, we hope and believe that she will soon! Through this outreach on campus, in just seven hours, around 100 students heard the Gospel in a personal conversation!

## Christmas Conference!

January 2-7 will be one of the highlights of our ministry year! The Denver Christmas Conference, or DCC, is something that we’ve been looking forward to since the beginning of the semester. Winter, spring and summer breaks sometimes pose a hard time in students’ walks with the Lord, since they’re often away from their friends and the community that encourages them! This conference allows us to invest the winter break into students’ lives! Imagine over 1,000 college students from a six-state area gathered together to worship Jesus, grow in their walks with Him, and be trained in ministry skills to help reach their campuses for Christ!

We will have the opportunity to take students from three schools in the Metro East to this conference! We are excited to give students the chance to experience great Bible teaching, ministry training, and community with one another! We consistently see God use this conference to impact students’ lives. Please pray with us that as students go to DCC, the Lord will increase their intimacy with Him and love for each other!

We are so thankful for you! Your prayers and support give students a chance to hear the Gospel! Thank you for laboring with us!
